## Chablis

### Chablis 2023

---

**Grape Variety :** Chardonnay

**Soil :** Limestone

**Site :** Plot-based selection on hills ideally located south of the village of Chablis.

**The Vintage 2023 :** After a mild winter, beginning of spring was marked by unstable weather conditions, which fortunately enough settled down end May with warm and sometimes very warm temperatures. This situation encouraged a rapid blossoming in excellent conditions. Spring ended with a water deficit which was never compensated. July and August were marked by a succession of very hot temperatures and storms. End of August, a very hot weather settled down with temperatures around 35°C which enabled the grapes to perfect their ripeness . At Chanson, the harvest started on September 5 and ended on September 16. The white wines are very expressive with beautiful aromas of pale fleshed fruit and an outstanding structure.

**Tasting :** Pale gold colour. Floral fragrances (Hawthorn) mixed with citrus fruit aromas. Well-balanced. Ample and precise structure. Outstanding energy. Refreshing aftertaste with salty nuances.

**Food pairing :** Pâté, lobsters and poultry as well as some goat cheeses.
