## Mâcon

### Mâcon Villages 2023

---

**Grape Variety :** Chardonnay

**Soil :** Clay and limestone

**Site :** In the South of Burgundy, in the Mâconnais. An area located between the communes of Mâcon, Lugny and Tournus.

**The Vintage 2023 :** After a mild winter, beginning of spring was marked by unstable weather conditions, which fortunately enough settled down end May with warm and sometimes very warm temperatures. This situation encouraged a rapid blossoming in excellent conditions. Spring ended with a water deficit which was never compensated. July and August were marked by a succession of very hot temperatures and storms. End of August, a very hot weather settled down with temperatures around 35°C which enabled the grapes to perfect their ripeness . At Chanson, the harvest started on September 5 and ended on September 16. The white wines are very expressive with beautiful aromas of pale fleshed fruit and an outstanding structure.

**Tasting :** Pale gold color. Aromas of yellow fished fruit (peach) mixed with exotic fruit on a hint of spice. Well balanced, round with a well-shaped acidity. Refreshing aftertaste.

**Food pairing :** Charcuteries, fish and all sorts of mild cheeses.
